To,

The Revenue Secretary to the
Government of Mysore.

Sir,

I have the honor to submit, herewith, for the information of Government, a Statement received from the Deputy Commissioner, Bangalore District, showing the progress made last year in raising new date plantations. The Parapar-agrahar Plantation therein mentioned I inspected on the 1st ~~ultimo~~. It is about nine miles from Bangalore. The date seeds dibbled in last year, had germinated satisfactorily. It promises to become a large and flourishing date grove. It requires a watchman to prevent cattle from treading upon and grazing the date plants. A Proposition for the same will be submitted on receipt from the Deputy Commissioner, Bangalore District, from whom it has been called for.

I have the honor to be,
Sir,
Your most obedient servant

Because time is required to prepare instructions are more to the point if the Secretary be at liberty to endeavour best to raise date trees where absolutely necessary and not to attempt suppression of many as practicable - Ryots not always able to buy and any loss entailed in this instance trees - If a suppressed supply of seed be allowed and sown in proper places, in good seasons through the Talukas, what is desired could be attained in due course
What suggestion has been made in other Dists? 24/2/96
